

Village of Clarksville
Planning Commission
2023 Annual Work Program

- **More Business Involvement** – Develop ways to get local businesses more involved with Village government. Examples may include grant programs, incentives, or a brainstorming session with local businesses.

- **Community Playground** – Investigate funding options. Community involvement in the design and planning. This is a long-term project with many phases involved to bring to completion.

- **Community Events** - Expand the current offerings of community events. These items could include outdoor movies, ice-skating, farmers market, youth activities, partnering with local businesses for events, etc.

- **Holiday Season Preparedness** – Focus on the details of the holidays in the village. This includes the annual Holiday Tree, banners and lights within the village.

- **Sidewalks** – To prioritize sidewalk repair and new construction. Work with Council to determine an appropriate annual budget amount.

- **Parking** – The parking within the village is very limited, keep this in mind when investigating and researching future proposed projects.
